Foord Global Equity Fund

Investment manager's report

INVESTMENT OBJECTIVE

The fund aims to achieve optimum risk adjusted total return by investing primarily in a diversified portfolio of global equities. The fund aims to achieve a higher total rate of return than the MSCI All Country World Net Total Return Index (the "Benchmark") over a full market cycle, without assuming greater risk.

MARKET REVIEW AND INVESTMENT OUTLOOK

Global equities rose markedly in 2021 on accelerating corporate earnings, positive macroeconomic data, widespread global vaccination rollouts, and reopening of global economies. Monetary policy remained highly accommodative despite rising inflation.

US equities led global markets. Mid-year concerns for a potential US debt default and government shut down abated while US corporate earnings continued to rebound strongly, surpassing high expectations. European indices also rose as optimistic investors began to position for a post-pandemic surge in industrial activity. European bourses, as a whole, comprise more cyclical, industrial firms compared to other developed markets.

Emerging markets trailed developed markets, weighed down by a precipitous decline in Chinese bourses following increased regulatory scrutiny on Chinese tech companies and troubles in the property development sector. These headlines affected the short-term ratings of Chinese companies, but the tighter supervision and enforcement should promote more orderly market development in the long term.

Cyclicals, including energy and financials, outperformed. Information technology which was a market leader for several years continued to outperform.

Industrial and agricultural commodities rallied broadly, driven by positive economic momentum. Price gains across the commodities complex have fuelled concerns the recent inflationary pressures will be more structural than originally expected.

Developed market bond yields increased as US and Eurozone inflation rose faster than expected. The US Federal Reserve's recent commentary revealed the committee's view that inflation is more persistent than first thought. Market participants now expect the Fed to more aggressively combat inflation, including an early end to its bond buying program and for it to raise interest rates on an accelerated schedule.

The US dollar appreciated against all major currencies including the euro, Japanese yen, and British pound.

The recent Russia's invasion of Ukraine strikes us as one of the most-expected unexpected events of recent times. Forged by his own sense of destiny and steeped in a revisionist ideal of Russian identity, President Putin has executed a decidedly aggressive change of course, rattling the cage of the current world order. In hindsight, it is difficult to feign surprise at this outcome.

The fund has no direct exposure to Russia or to the region. Global financial and energy markets have already responded to the consequences of war in Europe. It is the indirect, incremental uncertainty quotient of major geopolitical conflict that interests us more. While unexpected risk events are psychologically uncomfortable for investors, Foord's portfolio managers relish the opportunities that the concomitant market volatility usually dishes up. While a firm grasp of lurking geopolitical risks is essential to our investment philosophy, it is a notoriously difficult pillar around which to build an investment strategy because the potential outcomes are usually binary. As such, they factor in our thinking at the margin, after we have considered the fundamentals of the investment landscape.

Foord Global Equity Fund

Investment manager's report

MARKET REVIEW AND INVESTMENT OUTLOOK (CONT.)

We have clearly expressed our views on the risks of structurally higher inflation, rising interest rates and lofty asset class valuations. This latest geopolitical shock comes before many of these fundamental economic and financial risks could fully manifest. As safety-first managers, it emboldens our high-conviction sense of caution and focus on capital preservation. Notably, the fund has declined only 4%, compared to 7.4% decline of global equities at the time of writing.

PERFORMANCE

Performance to 31 December 2021 (In USD, net of fees and expenses)
(Periods greater than one year are annualised)

	6 months	1 year	3 years	5 years	Since Inception
	%	%	%	%	%
Class B	-6.5	2.7	17.3	11.5	8.6
Benchmark	5.6	18.5	20.4	14.4	12.3
Peer Group	4.9	16.9	18.2	12.2	10.2

(Benchmark : MSCI All Country World Net Total Return Index)
(Peer Group : Global Large-Cap Blend Equity Morningstar category)

The performance in 2021 was disappointing; retracement of Chinese tech names on the increased regulatory uncertainty accounted for most of the underperformance.

Portfolio holdings JD.com (-20.3%) and Alibaba (-49.1%) underperformed global peers as Chinese regulators clamped down on anti-trust concerns and the online education sector given unhealthy perceptions for Chinese society. We believe that prices of the Chinese tech investments will recover to the fair values implied by their fundamentals. Moreover, the regulatory interventions should also promote healthy development of the technology sector in the long term.

The managers remain optimistic for the long-term earnings prospects of Chinese stocks in the portfolio and for China's long-term growth trajectory. Core to our investment philosophy is investing in businesses with sustainable competitive advantages, enduring franchise value, earnings sustainability, and durable business models. These factors have not changed for the stocks in the portfolio and the manager's feel that the retracement will be a timing issue only.

Blackstone and Starwood's acquisition of Extended Stay America (+38.4%) for \$19.5 per share aided the Sub Fund's performance. Additionally, contributing positively to performance were leading copper producer Freeport-McMoRan (+61.4%) and Alphabet (+65.2%). Freeport outperformed as copper rallied on longer term green energy demand and short-term inflation worries while Alphabet rose on accelerating advertising revenue across its media properties.

Foord Global Equity Fund

Investment manager's report

INVESTMENT THESIS

Foord is a fundamental earnings house that takes long-term views and patiently waits for prices to follow earnings. We do not trade on market sentiment. We are benchmark agnostic and confidently different from peers.

We construct the portfolios independently of the benchmark we are trying to beat. We may take sizable off-benchmark positions in businesses that offer asymmetric risk-reward to protect investor capital and deliver a safe investment yield. Superior stock selection through the study of deep realities of businesses is the cornerstone of portfolio construction, along with risk management through the diversification of economic factors. The portfolios span key markets and sectors based on the managers' conviction of the future earnings of the securities the Sub Funds own. In many cases, our expectations are very different from those of the market, which can lead to periods of underperformance.

We believe that minimizing the permanent loss of capital is paramount to generating superior long-term returns. Managing the risk of loss is therefore our priority. Our commitment to investment stewardship and risk management underpins all that we do. While the future direction of markets is murky, our focus on finding long-term value serves as the guiding light in our quest for outperformance.

Foord Global Equity Fund

Report to unitholders

For the financial year ended 31 December 2021

(i) **Expense ratios**

Please refer to Note 8 of the notes to the financial statements.

(j) **Turnover ratios**

Please refer to Note 8 of the notes to the financial statements.

(k) **Other material information that will adversely impact the valuation of the scheme**

Nil.

(l) **Key information on the underlying scheme which comprise of more than 30% of NAV**

Not applicable.

(m) **Soft dollars received from brokers**

The Manager may enter soft dollar arrangements (i.e. research) with the executing brokers which are not prohibited under the Code on Collective Investment Scheme. Services received in relation to soft dollars were for the benefit of the scheme. All trades were made on a best execution basis and there was no churning of trades.

Foord Global Equity Fund

Report of the Trustee

The Trustee is under a duty to take into custody and hold the assets of Foord Global Equity Fund (the "Fund") in trust for the unitholders. In accordance with the Securities and Futures Act 2001, its subsidiary legislation and the Code on Collective Investment Schemes, the Trustee shall monitor the activities of the Manager for compliance with the limitations imposed on the investment and borrowing powers as set out in the Trust Deed in each annual accounting period and report thereon to unitholders in an annual report.

To the best knowledge of the Trustee, the Manager has, in all material respects, managed the Fund during the period covered by these financial statements, set out on pages 12 to 30 in accordance with the limitations imposed on the investment and borrowing powers set out in the Trust Deed.

Statement by the Manager

In the opinion of the directors of Foord Asset Management (Singapore) Pte. Limited, the accompanying financial statements set out on pages 12 to 30, comprising the statement of financial position, statement of total return, statement of movements of unitholders' funds, statement of portfolio and notes to the financial statements are drawn up so as to present fairly, in all material respects, the financial position and the portfolio holdings of the Fund as at 31 December 2021, and the financial performance and movements in unitholders' funds for the year then ended, in accordance with the recommendations of Statement of Recommended Accounting Practice 7 "Reporting Framework for Unit Trusts" issued by the Institute of Singapore Chartered Accountants. At the date of this statement, there are no reasonable grounds to believe that the Fund will not be able to meet its financial obligations as and when they materialise.

For and on behalf of the directors of
Foord Asset Management (Singapore) Pte. Limited

Foord Global Equity Fund

Independent auditor's report

Unitholders
Foord Global Equity Fund
(Constituted under a Trust Deed in the Republic of Singapore)

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Foord Global Equity Fund (the "Fund"), which comprise the statement of financial position and statement of portfolio as at 31 December 2021, the statement of total return and statement of movements of unitholders' funds for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements are properly drawn up in accordance with the recommendations of Statement of Recommended Accounting Practice 7 "Reporting Framework for Unit Trusts" issued by the Institute of Singapore Chartered Accountants so as to present fairly, in all material respects, the financial position and portfolio holdings of the Fund as at 31 December 2021 and the financial performance and movements in unitholders' funds for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the Accounting and Corporate Regulatory Authority Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Fund's Manager (the "Manager") is responsible for other information which comprises the information on service providers, investment manager's report, report to unitholders and statement by the manager. The Fund's Trustee (the "Trustee") is responsible for other information which comprises report of the trustee. These other information does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Foord Global Equity Fund

Independent auditor's report

Responsibilities of Manager's for the financial statements

The Manager is responsible for the preparation and fair presentation of these financial statements in accordance with the recommendations of Statement of Recommended Accounting Practice 7 "Reporting Framework for Unit Trusts" issued by the Institute of Singapore Chartered Accountants, and for such internal controls as the Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to terminate the Fund or to cease the Fund's operations, or has no realistic alternative but to do so.

The Manager's responsibilities include overseeing the Fund's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

Foord Global Equity Fund
Independent auditor's report

Auditor's responsibilities for the audit of the financial statements (cont.)

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The accompanying accounting policies and explanatory information form an integral part of the financial statements.

Foord Global Equity Fund

Notes to financial statements

For the financial year ended 31 December 2021

1. Corporate information

Foord Global Equity Fund (the “Fund”) is a stand-alone, open-ended unit trust constituted by a trust deed dated 1 June 2012 in Singapore (the “Principal Deed”) and subsequent amending and restating deeds and supplemental deeds (collectively, the “Supplement Deeds”) between the investment manager of the Fund, Foord Asset Management (Singapore) Pte. Limited (the “Manager”) and the trustees of the Fund, RBC Investor Services Trust Singapore Limited (the “Trustee”).

The Manager is a private limited company incorporated in Singapore.

The investment objective for the Fund is to achieve optimum risk adjusted total return by investing primarily in a diversified portfolio of global equities. The Fund aims to achieve a higher total rate of return than the MSCI All Country World Net Total Return Index, without assuming greater risk.

2. Summary of significant accounting policies

2.1 Basis of preparation

The Fund’s financial statements have been prepared in accordance with the Statement of Recommended Accounting Practice 7 “Reporting Framework for Unit Trusts” (“RAP 7”) revised and issued by the Institute of Singapore Chartered Accountants in December 2019. The functional and presentation currency is United States dollars (“USD” or “US\$”).

The financial statements have been prepared on a historical cost basis except for financial assets and financial liabilities held at fair value through profit or loss, that have been measured at fair value.

The following is a summary of the significant accounting and reporting policies used in preparing the financial statements.

2.2 Financial assets and financial liabilities

Investments in securities are classified as financial assets held at fair value through profit or loss, with changes in fair value reflected in the statement of total return. The fair value for securities traded in active markets at the reporting date is the official closing price, or the last transaction price if the former price is not available.

Financial assets carried at amortised cost that are not quoted in an active market include cash and cash equivalents, dividends receivable and other receivables.

The Fund includes management and performance fee payable, custodian fee payable and other payables in other financial liabilities carried at amortised cost.

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired. The Fund derecognises a financial liability when the obligation under the liability is discharged, cancelled or expired.

Foord Global Equity Fund

Notes to financial statements

For the financial year ended 31 December 2021

2. Summary of significant accounting policies (cont.)

2.2 *Financial assets and financial liabilities (cont.)*

Financial assets and financial liabilities (other than those classified as at fair value through profit or loss) are measured initially at their fair values plus any directly attributable incremental costs of acquisition or issue, and are carried at amortised cost using the effective interest method.

Due to the short duration of other financial assets and financial liabilities recorded at amortised cost, the carrying amount of those instruments approximate their fair values.

Impairment of financial assets

The Fund recognises a loss allowance account for expected credit losses (“ECL”) on its financial assets that are measured at amortised cost. The ECL calculation is based on a provision matrix that is based on, among other factors, its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment, that is available at the reporting date.

The Fund applies a simplified approach in calculating ECLs and recognises a loss allowance based on lifetime ECLs at each reporting date.

Impairment losses are recognised in the profit or loss with a corresponding adjustment to their carrying amount through a loss allowance account.

2.3 *Investment transactions and related investment income*

Investment transactions are recorded on the trade date. Realised gains or losses on disposal are calculated using weighted average cost. Change in unrealised gains or losses on investments securities transactions are reflected in the statement of total return.

Income recognition

Dividend income is recognised in profit or loss when the Fund’s right to receive payment - the ex-dividend date - is established

Interest income is recognised as it accrues, using the effective interest method.

Foord Global Equity Fund

Notes to financial statements

For the financial year ended 31 December 2021

2. Summary of significant accounting policies (cont.)

2.4 *Foreign currency translation*

Assets and liabilities denominated in foreign currencies other than in USD are translated at the rates of exchange prevailing at the reporting date. Transactions in foreign currencies are translated at the rates of exchange prevailing at the time of the transaction. Exchange gains or losses are included in the statement of total return.

Foreign currency transaction gains or losses on financial instruments classified as held-for-trading are included in the statement of total return as part of the “*Net realised gains/(losses) on investment securities transactions*” and “*Net change in unrealised gains/(losses) on investment securities transactions*”. Foreign exchange differences on other financial instruments are included in the statement of total return as “*Net gains/(losses) on foreign currency transactions*”.

2.5 *Income tax*

The Fund is exempt from income taxes in Singapore and therefore no provision or payment is made for taxation. The Fund has been approved for the Enhanced-Tier Fund Incentive Scheme under Section 13U of the Income Tax Act (formerly Section 13X) with effect from 26 April 2012. The tax exemption status is for the life of the Fund, provided the Fund continues to meet all conditions and terms set out in MAS circulars-FDD Circular 03/2009, FDD Circular 05/2010, FDD Circular 06/2014, FDD Circular 05/2015 and FDD Circular 09/2019, and the relevant Income Tax legislation.

2.6 *Related parties*

Related parties are individuals and companies where the individual or Fund has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions.

2.7 *Significant accounting judgements and estimates*

The preparation of the financial statements requires the Manager to make judgements, estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Except as disclosed below, the Manager believes that no significant judgements, estimates and assumptions have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

The Fund has assessed that the unconsolidated money market fund it invests in is classified as a structured entity (as defined by FRS 112). The Fund’s maximum exposure to loss in the structured entity is equal to the fair value shown in the statement of portfolio.

2.8 *Distribution policy*

Distribution to the unitholders is recognised in the statement of total return in the period in which the dividends were declared. Dividends are declared at the discretion of the Manager. The Manager does not intend to make regular distributions in respect of units of the Fund.

Foord Global Equity Fund

Notes to financial statements

For the financial year ended 31 December 2021

3. Cash and cash equivalents

Cash and cash equivalents may include short-term, highly liquid investments that are readily convertible to known amounts of cash and are subjected to an insignificant risk of changes in value.

Cash and cash equivalents are interest-bearing at short-term market interest rates.

4. Fair value of financial instruments

The fair value of financial instruments is the value at which positions can be traded with a willing and knowledgeable counterparty over a period that is consistent with the Fund's trading or investment strategy. The Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements in its entirety. The fair value hierarchy levels are:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 - Inputs for the assets or liabilities that are not based on observable market data (i.e. unobservable inputs), or the fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs.

Assessing the significance of an input to the fair value measurements requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes "observable" requires significant judgement by the Fund. The Fund considers observable data to be market data that is readily available, regularly distributed or updated, reliable, verifiable, not proprietary and provided by independent sources that are actively involved in the relevant market.

As the end of the financial year, the Fund held only Level 1 instruments. There were no transfers between the categories during the year.

5. Units in issue

The units in the Fund are divided into four classes, Class A, B, B1 and X units. All units rank pari passu and have the same characteristics except for management fees. Class A and Class X units do not pay a performance fee.

Foord Global Equity Fund

Notes to financial statements

For the financial year ended 31 December 2021

5. Units in issue (cont.)

The number of units issued and outstanding are:

	Units outstanding at beginning of year	Units issued	Units cancelled	Units switched in/(out)	Units outstanding at end of year	Net assets attributable to unitholders US\$	Net asset value per unit US\$
2021							
Class A	7,805,090	224,200	(4,039,462)	–	3,989,828	84,802,203	21.25
Class B	4,587,661	208,681	(375,352)	–	4,420,990	97,437,016	22.04
Class B1	2,696,996	160,018	(261,387)	–	2,595,627	44,023,300	16.96
Class X	14,641,904	–	(647,539)	–	13,994,365	203,613,265	14.55
2020							
Class A	8,552,544	1,498,713	(2,246,167)	–	7,805,090	162,271,262	20.79
Class B	5,506,080	318,183	(1,236,602)	–	4,587,661	98,413,212	21.45
Class B1	3,575,185	206,923	(1,085,112)	–	2,696,996	44,367,831	16.45
Class X	17,350,118	67,532	(2,775,746)	–	14,641,904	205,570,183	14.04

Foord Global Equity Fund

Notes to financial statements

For the financial year ended 31 December 2021

6. Related party transactions

Fees are paid to the Manager and the Trustee as reported in the statement of total return.

(a) *Fees payable to the Trustee*

The Trustee charges a trustee fee of 0.015% per annum of the net asset value of the fund and a custodian fee of 0.05% per annum subject to a minimum annual fee of US\$6,000. The trustee fee and custodian fee are capped at 0.03% per annum and 0.05% per annum respectively.

As at the end of the financial year, the total fees payable to the Trustees were US\$24,447 (2020: US\$14,142).

(b) *Fees payable to the Manager*

The annual management fees on the NAV of each class are as follows:

- (i) Class A: 1.35% to a maximum of 2.5%
- (ii) Class B: 0.85% to a maximum of 1.5%
- (iii) Class B1: 0.50% to a maximum of 1.0%
- (iv) Class X: 0%.

For Class B and B1 units, the Manager charges a performance fee if the performance conditions are satisfied. The performance fee sharing rate is 15% of the fund's outperformance of the hurdle rate. The performance fee is accrued daily. If the performance conditions are not satisfied, all performance fees accrued during the year are reversed. Performance fees that were crystallised on redemption or realisation are not reversed. Accrued performance fee as at 31 December will be paid within 30 days after year-end. The high-water mark is re-set annually as at the NAV's historical high at 31 December.

The Manager, in its sole discretion, may waive or reduce the management and performance fee charged to the unitholders of the Fund.

Performance fees earned for the financial year:

	2021	2020
	US\$	US\$
- Class B	5,830	1,422,043
- Class B1	639	674,180

As at the end of the financial year, total fees payable to the Manager were US\$183,574 (2020: US\$2,246,030).

Foord Global Equity Fund

Notes to financial statements

For the financial year ended 31 December 2021

7. Financial risk management objectives and policies

The Fund's investment activities carry risks associated with the financial instruments and markets in which it invests.

Investment risk management is an important component of the Fund's strategy. The responsibility for identifying and controlling risks lies with the Manager.

(a) *Credit risk*

Credit risk is the risk that a financial instrument counterparty will fail to discharge an obligation, causing loss to the Fund. Cash and cash equivalents, investments in securities, amounts receivable from the sale of investments and dividends receivable are the principal credit risk instruments.

The securities are held by, and cash deposited with, the Fund's custodian may be affected by the custodian's creditworthiness. At the year end, no financial asset was past due or impaired, or would otherwise be past due or impaired. The extent of the Fund's exposure to credit risk in respect of these financial assets approximates their carrying values as recorded in the Fund's statement of financial position.

(b) *Liquidity risk*

Liquidity risk is the risk that the Fund will encounter difficulty in raising cash to meet financial liabilities.

The Fund is exposed to cash redemption of its units. To manage liquidity risk arising from large redemptions, realisation policies may be invoked to limit total realisation in any given redemption period to five percent (5%) of the total number of units in issue. In addition, the Fund invests primarily in marketable securities which under normal market conditions are readily convertible to cash.

As at the end of the financial year, all liabilities are payable within 90 days.

Foord Global Equity Fund

Notes to financial statements

For the financial year ended 31 December 2021

7. Financial risk management objectives and policies (cont.)

(c) *Market risk*

Market risk is the potential loss that can be caused by a change in the market value of the financial instruments. The Fund's exposure to market risk is determined by several factors, including equity prices, yield rates and foreign currency exchange rates. The Fund manages its exposure to market risk using appropriate risk management strategies.

Investment price risk

Investment price risk is the risk of unfavourable changes in the fair value of underlying securities. The sensitivity analysis shows the resulting effect on the Fund's total return and NAV, based on a 5% reasonable change in the value of the investment portfolio held as at the end of the reporting period with all other variables held constant. The analysis does not guarantee future risk profile of the investment portfolio.

	Movement in underlying prices %	Effect on total return %	Effect on NAV %
2021			
Quoted securities	+/-5.00	+/-120.13	+/-4.79
2020			
Quoted securities	+/-5.00	+/-22.52	+/-4.77

(d) *Interest rate risk*

Interest rate risk is the possibility that changes in interest rates will affect future cash flows or the fair value of financial instruments. Bank deposits and money market fund investments are subject to minimal interest rate risk. As such, the effect of a sensitivity analysis on the Fund's net profit and NAV would be negligible.

Foord Global Equity Fund

Notes to financial statements

For the financial year ended 31 December 2021

7. Financial risk management objectives and policies (cont.)

(e) *Foreign currency risk*

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in foreign exchange rates.

The table below indicates the currencies to which the Fund had significant exposure at the end of the reporting period. The analysis disclosed the effect of a reasonably possible movement of the currency rate against the US\$ on the Fund's total return and NAV, with all other variables held constant:

Currency	Appreciation (+)/ (depreciation) (-) of currency against US\$ %	Change in total return %	Change in NAV %
2021			
AUD	+/-1	+/-0.02%	+/-0.00%
CHF	+/-1	+/-0.23%	+/-0.01%

Foord Global Equity Fund

Notes to financial statements

For the financial year ended 31 December 2021

8. Financial ratios

	2021	2020
	%	%
Expense ratio (excluding performance fee) ¹ :		
- Class A	1.41	1.41
- Class B	0.91	0.91
- Class B1	0.55	0.55
- Class X ³	0.05	0.05
Expense ratio (including performance fee) ¹ :		
- Class B	0.91	2.56
- Class B1	0.56	2.22
Turnover ratio ²	32.76	41.06

¹ The expense ratio was computed based on the guidelines of the Investment Management Association of Singapore (“IMAS”). The calculation of the expense ratio was based on total operating expenses divided by the weighted average daily NAV. For class that exists less than a year, its expense ratio is annualised. The total operating expenses exclude (where applicable) brokerage and other transaction costs, interest expense, distribution paid out to unitholders, foreign exchange gains/losses, front or back end loads arising from the purchase or sale of other funds and tax deducted at source or arising out of income received.

² The portfolio turnover ratio is calculated in accordance with the Code on Collective Investment Schemes. The calculation is based on the lesser of sales or purchases of the underlying investments (excluding the money market fund) of US\$158,075,092 (2020: US\$187,853,372) divided by the weighted average daily NAV of US\$482,469,181 (2020: US\$457,507,444).

³ Class X’s expense ratio comprise operating expenses paid out of the assets attributable to the Unit Class.

Food Global Equity Fund

Notes to financial statements

For the financial year ended 31 December 2021

9. Capital management

The capital of the Fund is invested to generate a return on the investment; subscription monies received from the unitholders. Its' capital management objective is to meet the investment objective of the Fund over the longer term.

10. Subsequent event

RBC Investor Services Trust Singapore Limited is expected to wind-down its Singapore investor services business in the foreseeable future. Accordingly, the Fund is in the midst of changing its Trustee. The custody and administration functions, however, are expected to remain with RBC to minimise operational disruptions for the Food global funds business as far as practicable.

11. Authorisation of financial statements

The financial statements of the Fund for the financial year ended 31 December 2021 were approved and authorised for issue by the Trustee on 18 March 2022.
