What is this product?

TYPE

The product is a sub-fund of Foord SICAV, an Undertaking for Collective Investment in Transferable Securities (UCITS) incorporated as a variable capital investment company (SICAV) under the laws of Luxembourg.

TERM

The Fund is established for an unlimited duration. However the Board of Directors may decide to close this product under certain circumstances.

OBJECTIVES

The investment objective is to achieve an optimum risk adjusted total return over the long-term by investing primarily in a diversified Shariah-compliant portfolio of listed equity and equity-related listed securities. The Sub-Fund may also invest in Sukuk (Shariah-compliant fixed income securities and Murabaha placements) to enhance the yield and capital growth whenever the best opportunities present themselves.
The Sub-Fund aims to achieve a higher net total returns than the MSCI All Country World Islamic (USD) Index (the "Benchmark") over a full market cycle. The Sub-Fund is actively managed and is not constrained by the Benchmark in its portfolio positioning. The Investment Manager actively decides on the portfolio's regional allocation, sector views and overall level of exposure to the market to take advantage of investment opportunities. This may include investing in companies or sectors outside the Benchmark. Accordingly, the portfolio composition may substantially deviate from the benchmark.
The benchmark is used for performance fee calculation.
The Sub-Fund may also invest in Islamic money market Instruments, Islamic deposits and units or shares of Shariah-compliant UCITS to minimise volatility, enhance the yield and capital growth of the Sub-Fund while reducing downside risks and waiting for opportunity to take advantage of market dislocation. The Sub-Fund does not have any requirements for capitalisation, geographical distribution or emphasis on industry or sector, but will invest wherever the best opportunities lie across sectors and regions.

The investor may subscribe, convert and redeem units on each bank business day in Luxembourg.

Please refer to the Prospectus for more information about the Sustainable Finance Disclosure Regulation ("SFDR") classification of the Fund.

Income of this unit class is reinvested (accumulated).

INTENDED RETAIL INVESTOR

The product is suitable for retail investors with limited knowledge of the underlying financial instruments and no financial industry experience. The product is compatible with investors who may bear capital losses and who do not need capital guarantee. The product is compatible with clients looking for growing their capital and who wish to hold their investment over 5 years.

OTHER INFORMATION

The Depositary is CACEIS Bank, Luxembourg Branch.

The Investment Manager is Foord Asset Management (Guernsey) Limited and the Sub-Investment Manager is Foord Asset Management (Singapore) Pte. Limited.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the product for 5 years.

The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

The essential risks of the investment fund lie in the possibility of depreciation of the securities in which the fund is invested.

We have classified this product as 4 out of 7, which is a medium risk class.

This rates the potential losses from future performance at a medium level, and poor market conditions could impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depends on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Please refer to the Prospectus for more information on the specific risks relevant to the product not included in the summary risk indicator.

This product does not include any protection from future market performance so you could lose some or all of your investment. If we are not able to pay you what is owed, you could lose your entire investment.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable proxy over the last 10 years. Markets could develop very differently in the future.

Recommended holding period: Example investment:		5 years USD 10 000		
		If you exit after 1 year	If you exit after 5 years

The stress scenario shows what you might get back in extreme market circumstances.

What happens if FundSight S.A. is unable to pay out?

FundSight S.A. is not making any payment to you in relation to this Fund and you would still be paid in case of a default from FundSight S.A.

The Fund's assets are held with CACEIS Bank, Luxembourg Branch and are segregated from the assets of other sub-funds of the Company. The assets of the Fund cannot be used to pay the debts of other sub-funds of the Company.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- USD 10 000 is invested.

Investment of USD 10 000	If you exit after 1 year	If you exit after 5 years
Total costs	USD 130	USD 848
Annual cost impact (*)	1.3%	1.3% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 7.5% before costs and 6.2% after costs.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee.	USD 0
Exit costs	We do not charge an exit fee for this product.	USD 0
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.14% of the value of your investment per year. This is an estimate based on actual costs over the last year.	USD 114
Transaction costs	0.16% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	USD 16
Incidental costs taken under specific conditions		
Performance fees	15% of the money-weighted outperformance by the share - class of the Benchmark return. A performance fee may be payable when the Fund achieves negative absolute returns when exceeding the performance of the Benchmark. The actual amount will vary depending on how well your investment performs. The aggregated cost estimation above includes the average over the last 5 years.	USD 0

How long should I hold it and can I take my money out early?

Recommended holding period: 5 years.

The recommended holding period was chosen to provide a consistent return less dependent on market fluctuations.

The cut-off time is 4 p.m. (Luxembourg time) on each Valuation Day for subscription, redemption and conversions. Thereafter, shares will be issued at a price based on the Net asset Value per share determined as at the relevant Valuation Day.

How can I complain?

In the event a natural or legal person wishes to file a complaint with the Fund in order to recognize a right or to redress a harm, the complainant should address a written request that contains description of the issue and the details at the origin of the complaint, either by email or by post, in an official language of their home country to the following address:
